14th May 2019

Dear Parent/Carer,

Re Technology Information Evening

As you are undoubtedly aware, Sir Thomas Fremantle used to provide iPads to all of our students to help them better access the curriculum and further develop key skills vital for the 21st Century. Unfortunately, the iPads did not age well and are no longer able to provide the enhanced learning opportunities they once did.

The school has teamed up with a company called Freedom Tech who specialises in providing parents with affordable technology for students to use in school. After a successful trial with our current Year 11s, we are keen to see students use Chromebook laptops across all the year groups.

As such, I would like to invite parents to a Technology Information Evening on 4th June at which you will have an opportunity to hear about our vision for technology at the school and find out more about how the Freedom Tech scheme works. Please find an information document attached with more detail.

As this information evening is for parents of our current Year 7, 8 and 9 students, we anticipate that the evening will be very busy. As such, we have divided the evening into two sittings. Please see below for more details.

Students with surnames between A and J	5.30pm
Students with surnames between K-Z	7pm

If there is anything else you need to know please contact me via the reception email (receptionist@sirthomasfremantle.org)

Yours sincerely,

Andrew Simpson
Assistant Headteacher
