Dear Parents/Carers of Year 11 Art Students,

## Re: G.C.S.E Year 11 Art – September 2020

Please find below an equipment list of suggested items you may wish to purchase over the summer to prepare you for your Year 11 Art course, next academic year. I am encouraging you to be well equipped for next term, as we are in uncertain times and we are aiming to reduce the amount of equipment shared between students. This is also an opportunity for you to buy your own specialist equipment, as you continue to develop as artists.

I found that when I was a student, I would keep all of my art equipment in a toolbox, and I still do to this day! This can be bought in any D.I.Y store or online. This way you can keep your art and your school equipment separate and all in one place. I would recommend a small one that will fit into your locker.

Well done for all your hard work over this difficult term. I have been in touch with parents to celebrate your effort. It is a pleasure to be working with such talented young artists and to see your work develop. I am looking forward to seeing you all in person once again.

You will be set a summer project to bring along with you on your first art lesson back in September. The current Reflection project will be put 'on hold' and outstanding work for this project will continue back at school. I am happy for you to work on finishing off areas in your sketchbook, however please do not start anything new on your own. If you have any further questions or would like to share your art throughout the summer, I am always happy to see what you have done.

Wishing you all a very happy summer.

Yours faithfully,

Miss Jugurnauth
