Dear Parents/Carers,

Re Chromebooks for Year 11 students

There has been some great uptake from students with regards to the BYOD arrangement this week and now we are in a position where we can roll out our Chromebooks to those students who have not participated in the BYOD arrangement.

These Chromebooks will be the responsibility of the student to bring in to school each day fully charged and they will also be responsible for taking them home and using them to support their academic studies for the duration of year 11. The Chromebooks remain the property of Sir Thomas Fremantle School and students will need to take good care of them whilst also reporting any damage that occurs promptly.

If you would like your son/ daughter to participate in our Chromebook scheme, then please return a hard copy of the signed Chromebook agreement to myself from **Monday 14th September 2020**.

I would also like to take this opportunity to remind students that we are setting homework via Microsoft Teams as a continuation of the period of home study.

As the year progresses, teachers will be using technology to both support revision as well as in class learning and we hope that access to this technology will have a positive impact on their GCSE preparation.

Yours faithfully,

Mat Payne

Learning Leader for Year 11 - mat.payne@sirthomasfremantle.org
