

16-19 COVID Catch Up Funding Statement

At Sir Thomas Fremantle School, the COVID -19 Catch Up fund has been used to providing greater access to a range of opportunities and resources. The list below, which is not exhaustive, is a summary of the main areas of spend which are:

- Ensuring and supporting access to online subject support, including providing access to laptops where needed.
- Access to subject textbooks for use in independent learning areas.
- In school 1:1 and small group support in subject specific (for example GCSE Maths & English resit interventions)
- Subject teaching and learning resources, including access to online careers and university information through UniFrog
- Subject revision resources

Impact will primarily be measured on progress between assessment points, this includes formal examinations (now internal with the move to teacher assessment for exam year groups).
