Revision POWER HOUR

Get the most out of your revision with a power hour. Here's a step-by-step of how to do it.

STEP 01 Choose a past paper question

Google your subject, level and exam board e.g. "Geography A-Level Past Papers AQA"

STEP 02 Revise

Spend 20 minutes revising what you need to know to answer your question

STEP 03 Do the question

Set a timer for 20 minutes and answer the past paper question you chose

STEP 04 Mark your answer

Using the mark scheme for the past paper mark your answer. This will help you to think like an examiner

STEP 05 Get feedback

Show your teacher your work. Ask them whether your marking is accurate and how you could improve your answers
