Youth support services

Once our pupils reach the age of 13, we also pass pupil information to our local authority and/or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 570B of the Education Act 1996.

This enables them to provide services as follows:

- careers advisers

The information shared is limited to the child's name, address and date of birth. However where a parent or guardian provides their consent, other information relevant to the provision of your support services will be shared. This right is transferred to the child/pupil once they reach the age of 16.

Data is securely transferred to the youth support service via secure email.

For more information about services for young people, please visit our local authority website <https://schoolsweb.buckscc.gov.uk/>

How we store your information

A significant amount of personal data is stored electronically, for example, on our MIS (management information system) database and curriculum network. Some information may also be stored in hard copy format in lockable filing cabinets.

We hold pupil and parent / carers' data in line with our retention schedule which is available from the school office.

Your data protection rights

Under data protection law parents / carers and pupils have the right to request access to information about them that we hold (a subject access request).

To make a request for your personal information, please contact the school office or our data protection officer (see contact details at the start of this privacy notice). Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 13), or where the child has provided consent.

You also have the right to:

- object to processing of personal data that is likely to cause, or is causing, damage or distress
- prevent processing for the purpose of direct marketing
- object to decisions being taken by automated means
- in certain circumstances, have inaccurate personal data rectified, blocked, erased or destroyed
- a right to seek redress either through the ICO or through the courts.

Under GDPR you are not required to pay any charge for exercising your rights. If you make a request, we have one month to respond to you.

How you can help us

As the school has limited staff resources outside of term time, we encourage parents to submit requests for information during term time and to avoid sending a request during periods when the school is closed, or is about to close for the holidays, where possible. This will assist us in responding to your request as promptly as possible.

For further information about how we handle subject access requests, please see our Data Protection Policy.
