6th January 2022

Dear parents and carers,

Re: Uniform during cold weather

The combination of freezing conditions and the need to ventilate rooms have meant that we are needing to make a temporary change to our uniform policy. Until such time that we receive our delivery of CO₂ monitors, when we will be able to have more control over when windows are opened depending on CO₂ levels, we will adhere to the guidance from the government changes around ventilation. The temporary change is that we will permit students to wear any plain navy blue or black sweater beneath their blazer to support their focus during these cold months. It is important to note that these jumpers should be worn in addition to school uniform and the blazer remains compulsory. These jumpers must not have a hood or any large branding on them.

Examples of acceptable options include:

or

The PTA do have a selection of second hand STFS V-neck jumpers available to purchase for £5 and enquiries here should be directly to friendsofstfs@gmail.com with the size you require.

I have added some links of affordable and acceptable options:

[Example Jumper 1](#)

[Example Jumper 2](#)

[Example Jumper 3](#)

The current regulations around masks and other COVID safeguards are being reviewed by the government on 26th January and if anything changes we will further update.

For the remainder of this week students are being permitted to wear their coats in the school and from Monday 10th January we will be adapting to the jumpers. We also recommend that students wear thermal under tops beneath their shirts to assist with keeping them warm during school hours.

Many thanks for your support.

Yours faithfully,

Mat Payne

Director of Learning Leaders
