

My Easter Revision Timetable							
Hours	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday

Use the reverse of this sheet to log the subjects and hours studied each day to see if you are keeping to your timetable and ensure that you are revising in a varied manner

**Suggested revision strategies:**

Condense notes on to one page of A4, then down to a post it note for each topic

Create flashcards and test yourself or get someone to test you

Do practise questions and then check the answers using mark schemes

Work through the revision guides that staff have given you

Use GCSE Pod for any subject areas that you do not fully understand ([www.gcsepod.com](http://www.gcsepod.com))

The optimum concentration time is 20 minutes, take a short break and then get back to work

Treat the week days like normal school days and get up early. Don't leave all your revision until the evening

### Work that I have completed

Days	Subject studied	Subject studied	Subject studied	Subject studied	Subject studied	Subject studied	Total time
06/04/2019							
07/04/2019
